

Introduction:

This survey was made in order to measure the impact of some factors on people's decision to choose a computer or laptop, and this survey will benefit many companies that manufacture these devices in order to be aware of people's requirements, which will help them improve their work

Instructions:

The questionnaire will not take much of your time, as it takes at most 30 minutes to answer all the questions. Therefore, I hope that you answer the following questions honestly and correctly, as follows:

- In the essay questions, fill in the blank space and make your answers clear and explicit
- In choice questions, do not choose more than one choice
- If there is a question that does not apply to your case, skip it and answer the next one
- The deadline for submitting the survey after answering all the questions is next week

Closing :

Thank you very much for sharing with us part of your time to answer the questions honestly. We hope it will benefit you
best wishes
